INDEPENDENT AUDITORS' REPORT

City Council of the City of Arroyo Grande
Arroyo Grande, California

Report on the Financial Statements

We have audited the financial statements of the City of Arroyo Grande's Street Construction Fund as of and for the fiscal years ended June 30, 2015 and June 30, 2014, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the City of Arroyo Grande's Street Construction Fund as of and for the fiscal years ended June 30, 2015 and June 30, 2014, and the changes in financial position thereof for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Street Construction Fund and do not purport to, and do not, present fairly the financial position of the City of Arroyo Grande as of June 30, 2015 and June 30, 2014, and the changes in its financial position for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

The Street Construction Fund is accounted for using the modified accrual basis of accounting whereby revenues are recognized when they become both measurable and available to finance expenditures of the current period and expenditures are generally recognized when the related fund liabilities are incurred.

NOTE 3 - ALLOCATIONS

The City of Arroyo Grande's allocations under Article 8, Section 99400(a) for the fiscal years ended June 30, 2015, and June 30, 2014, were \$435,917 and \$436,580, respectively.

NOTE 4 – INTERNAL ACCOUNTING CONTROL

As part of our audit, we made a study of the City's system of internal accounting control to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States of America. Under these standards, the purpose of such evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to assist in planning and performing the audit of the financial statements. No material weaknesses in the internal control structure were noted.

Report on the Financial Statements

We have audited the financial statements of the City of Arroyo Grande Street Construction Fund's compliance with the types of compliance requirements described in the *Transportation Development Act Guidebook*, published by the State of California Department of Transportation applicable for the fiscal year ended June 30, 2015.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the Transportation Development Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit of the compliance with applicable statutes, rules and regulations of the Transportation Development Act (TDA), Section 99400(a) and 99233.3, the California Code of Regulations (CCR), and the allocation instructions and resolutions of San Luis Obispo Council of Governments as required by Section 6666 of the CCR. Section 6666 requires that for a non-transit claimant, the independent auditor shall perform at least the following tasks: (a) Determine whether the funds received by the claimant pursuant to the Act were expended in conformance with those sections of the Act specifying the qualified purposes, including Public Utilities Code section 99402 for streets and roads claimants and section 99233.3 for claimants under that section for pedestrian and bicycle facilities and bicycle safety education programs, (b) Determine whether the funds received by the claimant pursuant to the Act were expended in conformance with the applicable rules, regulations, and procedures of the transportation-planning agency and in compliance with the allocation instructions, and (c) Determine whether interest earned on funds received by the claimant pursuant to the Act were expended only for those purposes for which the funds were allocated, in accordance with Public Utilities Code sections 99301 and 99301.5. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state laws and regulations applicable to the City occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Opinion on Compliance with the Transportation Development Act

In our opinion, the funds allocated to and received by the City of Arroyo Grande's Street Construction Fund, complied, in all material respects, with the compliance requirements referred to above that are applicable to the statutory requirements of the Transportation Development Act and the allocation instructions and resolutions of San Luis Obispo Council of Governments for the fiscal year ended June 30, 2015.
